- 01 **Business Reality Audit** — Where you actually stand, honestly
- 02 **Ideal Client System** — Obsessive precision targeting
- 03 **12-Month Business Roadmap** — Digital & physical business tracks
- 04 **90-Day Execution Plan** — Three phases, daily focus
- 05 **Positioning & Messaging** — Why people choose you
- 06 **Weekly KPI Dashboard** — Track what moves the needle

This is not a PDF you skim. It's a working session.

The founders who get the most from this kit treat it like a 90-minute board meeting with themselves — undistracted, honest, and precise. Follow the rules below.

BLOCK YOUR TIME

01

90 uninterrupted minutes minimum. No phone. No Slack.
This is a strategic session — treat it like one.

WORK IN ORDER

02

Each section builds on the one before. Skipping ahead produces shallow answers. Do the work in sequence.

BE BRUTALLY HONEST

03

Vague inputs produce vague outputs. If you're not slightly uncomfortable writing an answer, you're not specific enough.

WRITE EVERYTHING

04

The act of writing clarifies thinking. Don't answer in your head. Put it on the page — every single field.

REVIEW IN 30 DAYS

05

Come back and redo your answers. You will be surprised how much has shifted. Clarity compounds every time.

"Precision is not optional. The gap between where you are and where you want to be is almost always in the preparation."

— Katarina Raskovic, Asset District

PART 01

Business Reality Audit

Understand exactly where you stand before planning where you're going.

Before strategy, before goals — you need a ruthlessly honest picture of your business today. Not what it could be. What it actually is right now. This forces the clarity most founders avoid.

DESCRIBE YOUR BUSINESS IN ONE SENTENCE

Not aspirational — what it actually is today. Who you serve, what you sell, how you deliver.

CURRENT OFFERS & PRICING

OFFER / SERVICE	WHO IT'S FOR	PRICE POINT	MONTHLY UNITS	MONTHLY REV.

WHAT IS WORKING RIGHT NOW?

What is actually bringing in clients or revenue?

WHAT IS NOT WORKING?

Where are you stuck, leaking energy, or avoiding?

BIGGEST OBSTACLE TO GROWTH RIGHT NOW

The one thing that, if removed, would change everything.

ASSET DISTRICT INSIGHT

"Most founders know their obstacle. They just haven't written it down. Writing it forces you to own it — and owning it is where solutions begin."

PART 02

Ideal Client System

Vague targeting produces vague results. Get obsessively specific.

The fastest-growing founders are not trying to reach everyone. They have one specific person in mind — and every offer, every content piece, every conversation is designed for that person.

THE PREMIUM POSITIONING TRIANGLE

Three elements every premium brand needs. Fill yours in.

SPECIFIC PROBLEM

Not 'I help businesses grow'

I help [WHO] who struggle wi

SPECIFIC OUTCOME

Not 'better results'

To achieve [RESULT] within..

SPECIFIC PROOF

Not 'years of experience'

Proven by [NAMED RESULT]...

YOUR POSITIONING STATEMENT — COMPLETE THIS:

I help [WHO] who struggle with [PROBLEM] to achieve [RESULT] within [TIMEFRAME].

DESCRIBE YOUR IDEAL CLIENT IN DETAIL

Industry · Business stage · Main challenge · What they want · Where they spend money

THEIR BIGGEST PROBLEM

The one that keeps them up at night

WHY SHOULD THEY CHOOSE YOU?

A specific outcome — not a service list

HOW DO THEY DESCRIBE THEIR PROBLEM?

Their exact words — use this language in your content and offers

WHERE DO THEY SPEND TIME ONLINE?

Platforms · Communities · Podcasts · Publications

YOUR SIGNATURE HOOK — The one line that makes people instantly get what you do:

YOUR SOCIAL PROOF STATEMENT

| ☐ Contrarian take — Challenge common thinking | ☐ Behind the scenes — Show your process |

POSITIONING TRUTH

"You don't get chosen because you're the best.

You get chosen because you're the clearest."
